3. Branding
We will provide you with the World Reimagined brand kit in September 2021 which will include our logos you can use to publicise your involvement in the Poetic Programme. All publicity material you produce must be in accordance with our brand kit.

We will send you a form for you to provide us with your school/college logo and details of your website and social media feeds if you would like us to feature these on our website and platforms. By submitting these details, you agree that we may show them on our website, social media feeds and our online learning programme portal.

Any resources we make available via the portal are for your use only and may not be shared or distributed outside of your school or college or used for any commercial purposes.

5. Social Media
We will not mention your school/college or organisation on our social media feeds (including Twitter, Facebook and Instagram), without your express permission, until January 2022 as it is important you can share the news of your participation in The World Reimagined with your community in the most appropriate way for you.
